SCHOOL SONG

Joyous and ever loyal
Let us cheer for our old high.
Let every heart sing, let every voice ring.
For there's no time to grieve or sigh.

Ever onward our course pursuing
May defeat ne'er our ardor cool.
But united we boost for her
Our old high school.

FIGHT SONG

We are the Eagles, the proud Elgin Eagles
The best that are in the land
Whoever we meet, we are proud to defeat
We're the team that's really grand.

Our crowd is cheering when our team's appearing
Eagles take their stand.
For we are the Eagles, the proud Elgin Eagles
The best that are in the land.

A MESSAGE TO STUDENTS

As students you are responsible for your own learning. These responsibilities include:

1. Self-discipline.

5. Being honest and trustworthy.
6. Listening, communicating, and sharing ideas.

GRADING SYSTEM

In addition to the requirements for graduation, Elgin High School regulates the methods of student evaluation and progress. A grading system based on the following percentages will be used by all staff members except when pass/fail grades are given.

99-100 = A+	92-93 = B+	84-85 = C+	76-77 = D+
96-98 = A	88-91 = B	80-83 = C	72-75 = D

MASTERY LEVELS

The Nebraska Department of Education recognizes four levels of achievement; beginning, progressing, proficient, and advanced. Our criteria for these four levels shall be:

- 1-69%— Beginning
- 70-79%— Progressing
- 80-89%— Proficient
- 90-100%— Advanced

PASS/FAIL CLASSES

All classes will be graded according to the Elgin Public School grading system with the exception of Driver Education and Office Practice/Teacher’s aide. All other classes will be graded with the individual class grading requirements made by the teachers in each subject area. Each teacher will confer with the school administration to evaluate each grading procedure in each class. All of the graded classes will count toward scholastic average and eligibility for the Elgin Public School Honor Roll.

HONOR ROLL

The following criteria will be used to determine eligibility for quarter and semester honor roll:

1. “All A Honor Roll” - student receiving all A’s
2. “Superior Honor Roll” - student receiving all A’s and B’s and having a GPA between 3.50-3.99 in all graded classes.
3. “Honor Roll” – student receiving all A’s, B’s, and C’s and having a GPA between 3.00-3.99 in all graded classes.

NATIONAL HONOR SOCIETY

To be eligible for membership in the Dr. W.W. Graham chapter of the National Honor Society, a student must be either a sophomore or junior and must have been in attendance at Elgin High School the equivalent of one semester. The student must also have a cumulative GPA of at least 3.00 on our 4.00 scale. The Faculty Council will then evaluate those students who are eligible on the basis of scholarship, service, leadership, and character. Students who would like more information concerning the National Honor Society should contact either Mr. Corey Fisher or Mrs. Barb Bode.

ATTENDANCE

Going to school is considered a full time job for all students. It is true that students do not get paid with currency to attend school but the payment in the end will far outweigh a few dollars now. Students

attending school will not only learn information valuable to them in the future but they will also learn the importance of having regular attendance and promptness at school each day. It is the belief of Elgin Public School that regular school attendance is not only required by state law, but is also in the best interest of the student as it relates to future job and enrichment opportunities. School attendance is directly related to student performance and a positive educational experience. All students, no matter what school they are enrolled in, that are attending classes through Elgin Public Schools will be required to follow the Elgin Public Schools attendance policy if they wish to receive full credit.

Today most employers are very interested in the school attendance records of job candidates. Poor school attendance is predictive of poor job attendance and is also a sign of unreliability in general.

PLANNED ABSENCE:

If you know in advance that you are going to be absent from school, please have your parent/guardian notify the school in writing. Every attempt should be made for the student to obtain and make up assignments in advance.

MAKE UP WORK:

Students will be allowed three days for each day of absence to make up required work. Failure to make up assigned work within the designated time limit may lead to zeros for all unfinished work. It is the responsibility of the student to complete a make-up slip that is located in their school issued daily planner when they return. They will be required to complete all work in the designated three days and then have the principal sign the make-up slip when completed.

MAKE UP SLIPS:

All make-up slips must be signed by the principal on the day it is due. Failure to do so will result in a loss of privileges for that student that will include loss of pop pass privilege, leisure e-mail and internet privileges and the student may serve a detention everyday after school until 4:15 p.m. until it is completed and signed.

ABSENTEEISM POLICY:

Students that are absent from school need to bring an excuse from their parent that includes the date of absence, reason for absence, and parent's signature. All documents will be kept on file in the office for each student. Attendance will be kept per period for each student in high school. Students that surpass seven (7) absences per semester in any class may not receive credit for that class regardless of their academic average.

NOTE: It should be understood that when a student returns to school during the school day they should check in with the principal, superintendent, or their designate before going to class. Students returning to school without checking in will not be considered in attendance until this is done. Notice of attendance will be mailed to the parents after the fifth (5) absence from school during a semester. Any student that is absent from a class more than seven (7) times during a semester must appeal to the Administration for credit. It will be the responsibility of the student to initiate the appeal process by obtaining an "Appeal Form" from the principal. The student should deliver the appeal form to each classroom teacher to make a recommendation to the Administration as to whether credit should be denied or allowed. Any teacher or student that disagrees with the decision made by the Administration may appeal to the School Board for a second review.

TARDY:

It is important that our students understand the value of being punctual in order to function in today's society. Students not in class at the beginning of first period will be considered tardy unless they have a pass that validates their lateness. Students will be assigned one detention for every three tardies reported. The detention will progress as the tardies build up for each quarter. Example: six tardies will be two detentions. Tardies to school will not be tolerated. Students surpassing (7) seven tardies to school will be assigned one day of make-up time on the eighth (8) tardy to school. Students that continue to be tardy to school will be assigned additional days of make-up time for every three tardies. Example—on the 11th tardy one day will be added and on the 14th tardy another day will be added. No credit will be granted until all make-up time has been completed.

PERMIT TO LEAVE THE BUILDING

Permission to leave the building must be obtained from the Principal or the Superintendent. The permission must be obtained in advance of the time necessary to leave. The student will be required to have permission from their parent/guardian either through a phone call or a written note in order to obtain the permit to leave the building. The student must sign in and out in the principal's office on the attendance board.

CLOSED CAMPUS

Students are not permitted to leave the school grounds at any time during the school day without permission from the office. If you must leave school because of illness or other emergency, you must check out at the office and your parents or emergency contact must be notified before you leave. You must also check in at the office upon your return to school.

SCHOOL CLOSING INFORMATION

During each school year, the Administration is faced with the decision of closing school because of severe weather. The decision to close school, let out early or to start late will be made as early as possible on that specific day. School closing or late start notices will be broadcast on the Norfolk radio stations; US 92, WJAG, KEXL, KNEN, O'Neill radio station KBRX and Central City station KZ100. Notice will also be announced on the television station KOLNKGIN 10/11 and posted on the school website www.elgineagles.org. It is the ultimate decision of the parent to keep their children home if we decide to have school during inclement weather. During these times of inclement and severe weather, it takes the utmost cooperation on the part of parents and school officials to insure that the students get as much education as possible without endangering the students' well being.

COLLEGE VISITATION

Students who wish to visit colleges or other institutions of high learning are limited to three visitations taken during the school day. Written authorization from the parent or guardian is necessary before the student will be excused. Normally, college visitations are for seniors only. However, if it is necessary for a junior to visit a college, the visitation will be counted as one of the total of three days allowed. All visitations must be scheduled through the counselor's office to be considered as a college visit and not count as an absent day. Parents of students using college visits will be required to attend the college visits with the students on two of the visits taken. Students will be allowed one college visit of the three without being accompanied by a parent. Any additional visit without a parent present will result in the student being counted absent from school.

STUDENT RECORDS

Students should remember that they develop their school record throughout their high school career. Once the school record has been developed, it cannot be changed. They should also know that when securing employment, entering armed forces, studying at a university or college, the records follow. A good high school record cannot be over emphasized. An excellent record in grades, attendance, punctuality, and citizenship should be every student's goal.

SCHOLASTIC REPORT (Down List)

Teachers will submit to the office the names of any students who are failing or are in danger of failing any classes. A list of these students will be published to the teachers so that specific attention and assistance may be given to these individuals during appropriate study times. Students that are on the weekly down list will not be allowed pop pass, leisure Internet/e-mail use, or leisure reading in the library (newspapers/magazines) but not to include books read for quarterly book reports. During the fifth week of each quarter, teachers will submit

progress reports for students that are failing or are in danger of failing. These reports will be mailed to the parents.

TESTING AND HONOR REWARDS

Students who work diligently for the nine weeks and semester deserve to be rewarded for their hard work. In addition, students who perform well on achievement tests need recognition for their accomplishment. This policy includes all 9-12 students at Elgin High School.

The implementation of standards and testing for mastery of the standard components led to the discontinuation of semester testing as a required policy at Elgin Public School. Instead, both formative and summative tests will be given at the appropriate times throughout the semester.

1. At the end of each nine weeks students who reach the "All A" honor roll or the "Superior" honor roll will earn a ½ day release time from school.
2. At the end of the semester, students who make the honor roll for both nine weeks or who make the honor roll for one nine weeks and the semester honor roll will earn ½ day release time from school.
3. Any student who takes the achievement test and earns an 85% on the composite will earn one day of release time.
4. Any student who has made significant gain on the achievement test from the last time he/she took it will earn one day of release time (significant gain to be determined by the guidance counselor).
5. Teachers may recommend student for a "hard worker" award. If a non-honor roll student receives three recommendations as a "hard worker" he/she will earn one day of release time.
6. Students earning release time must fill out the release form, signed by their parents, and file it with the principal designating the day or ½ day they plan to be gone from school. Students must take release time in ½ or full days; four periods constitute ½ day.
7. All work must be made up before students can take release time.
8. Students will not be counted absent during release time.
9. Students may not use release time during the last two weeks of the semester.
10. Students may only earn two full days of release time per year and can only carry two release days into the next school year.
11. Students who are over the attendance limit for a semester cannot use honor days.

GUIDANCE

Guidance services are available for every student at Elgin Public School. These services include assistance with educational planning; interpretation of test scores; occupation information; study help; help with home, school and or social concerns; and any other questions or issues a student may want to discuss with the counselor. Students

wishing to visit the counselor should contact the guidance office to arrange for an appointment.

MEDICATION

If possible, all medications should be administered at home. On those occasions when it is necessary for a student to take medication at school, we must have a written request from parents and a physician's prescription and consent for school personnel to administer the medication. The medication must be in the same container and form in which it was prescribed and we will not administer medications that exceed the recommended maximum under the Physician's Desk Reference. Finally, it is the student's responsibility to come in at the right time to take the medication. Students who need to carry an inhaler on their person must provide a doctor's prescription/consent to be kept on file in the main/nurses office.

STUDY HALL

The study hall should be a quiet place to study. Students should bring sufficient material to work on for the entire period. Study hall supervisors will write passes for the following reasons; restrooms, guidance counselor, office, locker, library, and pop machine. Remembering that the study hall should be a quiet place to study, students may be allowed to work together in groups with the permission of the study hall teacher. No sleeping is allowed in study hall. Games such as cards, chess, checkers, etc. also will not be allowed.

TELEPHONE

Students will be allowed to make and receive phone calls during study hall and lunchtime. Students should check with the office for permission to use the phone. The office will attempt to deliver all messages left for students. Students will be called from class for phone calls only when absolutely necessary. Leaving class to use the phone is loss of instructional time and will be discouraged.

Use of Cellular Phones and Other Communications Devices

Elgin Public Schools acknowledges that students possess and frequently utilize cellular phones and other personal communications devices on a regular basis. If a student has a need to bring a communications device (**voice, text, and photograph**) onto school grounds during the school day, it shall be **turned off** and stored in the student's locker at all times during the school day. Use of all such communications devices shall be limited to the period of time before 7:45 a.m. in the mornings and after 4:15 p.m. in the afternoons, **unless the student has received administrative approval.**

Use of communications devices during all school activities (**practices/competitions**) will be prohibited unless the student has been given approval from the sponsor, supervisor or administrator. Students must keep communications devices stored away during

activities until they are no longer under school supervision. Use of any communication device where there is an expectation of privacy is prohibited. That shall include locker rooms and/or any other changing room. Any student found to be in violation of this policy shall be subject to disciplinary action as deemed appropriate by the administration and confiscation of the communications device.

LUNCH/BREAKFAST PROGRAM

Nutritious meals are served every school day. The Board sets prices for breakfast and lunches annually. All students eating lunch or breakfast (either their own or from the school) will do so in the lunchroom.

SCHOOL LIBRARY/MEDIA CENTER

The purpose of the library/media center is to ensure that students and staff are effective users of ideas and information. The library/media program seeks to provide an educational atmosphere where students are encouraged to find, evaluate, analyze, synthesize, and communicate information necessary to function in this rapidly changing world. The library/media skills are integrated into regular classrooms and taught as needed. The library/media center will provide intellectual and physical access to the resources required for quality learning experiences and the empowerment of lifelong learning skills. The resources in the media center are organized by type of format. The print sources are books, periodicals, and pamphlets. Non-print sources are videos, CD-Rom, filmstrips, and on-line services via the computer. The inter-library loan system provides access to materials outside the library. Students are welcome and encouraged to check out the materials in library/media center.

STUDENT-LED CONFERENCES

During the 3rd quarter of the spring semester, all students will participate in Student-Led Conferences with their parent(s). Students will be required to complete a portfolio each year that will include various pieces of work from each of their enrolled classes. Teachers will be available during the Student-Led Conferences, but the main goal of the conference is for students to lead a discussion regarding their school performance with their parents. The conferences will be held at the school and each student will be assigned a time to review their portfolio with their parent(s). The conference must take place at the school and all efforts should be made to attend during the assigned time. Students are required to participate in the Student-Led Conference.

LOCKERS

Lockers will be assigned to students in grades 7-12. The care of the locker is the responsibility of each student. Each student will occupy only one locker and the locker should be closed and locked when not being used. Please do not bring money or valuable items to school, the school is not responsible for lost/stolen/ or damaged items including that

which may be lost in the boys and girls locker rooms. Any abuse or misuse of the locker will result in the loss of the privilege to use the locker for that student. The lockers remain the property of the Elgin Public Schools and the school reserves the right to have periodic, random locker inspections and to inspect lockers at any and all times.

BOOK USAGE

It is expected that all textbook books be covered. From time to time the school does have covers available for students. If these are not available, the student will need to construct his or her own from material at school or from home. Textbooks are issued to students in good faith that they will use them and return them in the same condition that they are checked out. Students will be required to pay the complete cost for any book that has been mistreated and is damaged beyond normal wear and tear. This payment will also apply to lost books and materials.

AUTHORITY

Students should fully understand that any employee of the school has the authority to correct misconduct at any time. It is conceivable that a staff member might assign a detention to a student not in his/her class.

STUDENT BEHAVIOR - DISCIPLINE

Rules provide rights and define responsibilities. As members of the school community, students have full protection of due process. In recognition of this belief and to avoid unfair disciplinary action, the school has developed specific guidelines for student behavior. In creating them, care was given to the educative function of the school as well as to the legal requirements that charge school personnel with the protection and care of students at school.

When rules are broken, the school is interested in more than simple discipline. The goal of the school is to develop positive, constructive student behavior. Discipline is administered with the goal of changing behavior, not merely to punish. Preventive and remedial help is sought for students with behavior problems. The counselor and social workers are enlisted to turn students from negative behavior. However, when all other approaches fail, the school will suspend students who are interfering with the education of other students or with the general operation of the school.

The scope of student rules of behavior includes conduct on school grounds, in a vehicle owned, leased, or contracted by a school being used for school purposes or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school sponsored activity or athletic event. These rules for student behavior are fair and developmentally appropriate.

Except in situations involving gross misconduct, suspension is only invoked when counseling, admonition, and restriction at school produce no change. The purpose of either in school or out of school suspension is threefold.

1. It causes a close school-home contact, providing the opportunity for parents and administrators to review the situation together.
2. It separates a student from friends and social activities.
3. It protects the rights of other students for an education.

The goal is to gain rehabilitation by a combination of reward and punishment and to make known the social consequences of bad behavior.

In dealing with problems for which suspension is a disciplinary action, the school administration may at any time take a lesser summary action, such as reprimand, detentions, or restricted study, based on the severity and/or frequency of the problem. A student who is seldom disruptive in the classroom may receive a lesser punishment than the student who has been referred frequently for the same offense. In this way, it is possible to allow for administrative discretion without altering the basic principles of uniform and impartial disciplinary action.

At the beginning of the school year or upon enrollment, each student is given a copy of existing state and school board policies concerning student rights, responsibilities, and due process.

You must remember that you are responsible for your own actions. If your actions are in violation of the school guidelines, you will have to accept the consequences.

ALCOHOL, TOBACCO AND DRUGS

Students are not permitted to use or possess tobacco, alcoholic beverages or illegal drugs on the school grounds.

The school board has ruled that violation by students in any school building or other school property including buses and any event or activity under school supervision either at school or out of town is cause for suspension or expulsion.

First offense: 1 day in-school suspension; **Second offense:** 3 day in-school suspension; **Third offense:** long term suspension.

YOUR RIGHTS - DUE PROCESS HEARING PROCEDURE - EMERGENCY EXCLUSION

When a school representative excludes a student from school, the student and student's parent(s) or guardian(s) shall be provided an opportunity for a hearing to discuss the disciplinary action taken. If the disciplinary action is intended to be a long-term suspension or

expulsion, the hearing procedure for long-term suspension and expulsion shall apply. If the disciplinary action is intended to be a short-term suspension, the hearing procedure for short-term suspension shall apply.

STUDENT RIGHTS

The statute provides for 4 types of exclusions:

1. Short Term: Up to (and including) 5 days.

In addition a student may be suspended, expelled, or mandatorily reassigned for sexual assault, attempted sexual assault, or any other criminal activity regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.

Also, in accordance with Nebraska statute 79-263, Elgin Public School will expel for a period of not less than one year any student who is determined to have knowingly and intentionally possessed, used, or transmitted a firearm on school grounds, in a vehicle owned, leased, or contracted by a school being used for school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event. For purposes of this section, firearm means a firearm as defined in 18 U.S.C. 921. The superintendent or the school board is authorized to modify the expulsion requirement on an individual basis.

The advisor will in many ways be the mentor for the student as they progress through high school. The advisor will offer assistance in times of need, listen when things are going good and when things could be better, and most of all be interested in the well being of the students chosen by them. In the end we would like to be able to know that the advisor has shared all of the triumphs and all of the struggles with their students. Respect for yourselves, opponents, school, and community are of the utmost importance.

PURPOSE

The purpose of the activity program is:

1. To improve the image of activities and the students involved.

 - a. Physical, mental, and emotional growth and development.
 - b. Acquisition and development of special skills in activities of each student's choice.

In order to contribute to the welfare of the group, the student must willingly assume these obligations as the role demands and must make sacrifices not required of others.

1. RESPONSIBILITY TO YOURSELF:

A student participating in a school activity is someone special and therefore certain responsibilities must be maintained. You owe it to yourself to always do the best you possibly can in view of your ability.

2. RESPONSIBILITIES TO THE SCHOOL:

As a participant, you are representing your school and your community. You are in the spotlight of activity. STANDARDS OF CONDUCT FOR PARTICIPATION IN EXTRA-CURRICULAR AND CO-CURRICULAR ACTIVITIES

The Elgin Public Schools recognizes that rules and regulations concerning the conduct of the student body will vary with the times and values of the community. Furthermore, it is the belief that the individual family should be the major guiding influence and determinant of student behavior. The school also has a significant interest in teaching students to behave responsibly and appropriately. Consequently, participation in any extra-curricular or co-curricular activity is dependent upon the adherence to the school's policies, procedures, and rules. The school will work with the student, parents and other agencies in assisting the student to correct behavior that is deemed inappropriate. ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or

allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The superintendent will appoint an investigator and alternate investigator of opposite sexes. The investigator will pass the findings on to the superintendent who will complete any further investigations as deemed necessary and take appropriate final action. The names of the investigators shall be listed in the student handbook, published annually in the local newspaper and posted in all school facilities.

The superintendent is responsible for drafting administrative regulations to implement this policy and for organizing employee-training relating to this policy. Procedures shall be reviewed annually for adequacy and accuracy.

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

Definition of Physical Abuse

Physical abuse is non-accidental physical injury to the student as a result of the action of an employee. Injury occurs when evidence of it is still apparent at least twenty-four hours after its occurrence. The following do not constitute physical abuse, and no employee is prohibited from:

1. Using reasonable and necessary force, not designed or intended to cause pain:
 - a. To quell a disturbance or prevent an act that threatens physical harm to any person.
 - b. To obtain possession of a weapon or other dangerous object within a pupil's control.
 - c. For the purposes of self-defense or defense of others as provided for in Neb. Statute 28-1409 and 1410
 - d. For the protection of property as provided for in Neb. Statute 28-1411.
 - e. To remove a disruptive pupil from class, or any area of school premises or from school sponsored activities off school premises.
 - f. To prevent a student from the self-infliction of harm.
 - g. To protect the safety of others.
2. Using incidental, minor, or reasonable physical contact to maintain order and control. In determining the reasonableness of the contact or force used, the following factors shall be considered.

- a. The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
- b. The size and physical condition of the student.
- c. The means or device used in making the physical contact.
- d. The motivation of the school employee in initiating the physical contact.
- e. The extent of injury to the student resulting from the physical contact.

“Reasonable force” is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one’s life or safety or the life or safety of another, or it is reasonable to believe that such a force is necessary to resist a like force or threat.

Definition of Sexual Abuse

Sexual abuse is defined as including sexual acts involving a student, acts that encourage the student to engage in prostitution, inappropriate, intentional sexual behavior or physical manifestations of sexual harassment by the employee toward a student. “Sexual harassment” is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

- 1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student’s education or benefits;
- 2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
- 3. The conduct has the purpose or effect of substantially interfering with a student’s academic performance by creating an intimidating, hostile or offensive education environment.

Complaint Procedure

An individual who believes he/she has been abused shall notify Mr. Corey Fisher, the designated investigator. The alternate investigator is Mrs. Barb Bode. The investigator may request that the individual complete the Abuse Complaint form. Information received during the investigations shall be kept confidential to the extent possible.

The investigator, with the approval of the superintendent, or the superintendent has the authority to initiate a harassment investigation in the absence of a written complaint. The investigator shall have access to the educational records of the student and access to the student for purposes of interviewing the student about the report.

When abuse is reported, the investigator shall make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report shall not receive a copy of the report until the employee is initially interviewed.

The investigator shall use discretion in handling the information received regarding an investigation of abuse by an employee, and those persons involved in the investigation shall not discuss information regarding the complaint outside the investigation. The entire investigative procedure will be thoroughly explained, including the confidential nature of the proceedings, to the student and other persons involved in the investigation.

The investigator shall notify the parent, guardian or legal custodian of a student of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The investigator shall interview the student as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The investigator may record the interview electronically.

It is the responsibility of the investigator to determine whether it is more likely than not that an incident took place between the employee and the student. If the investigator believes the employee committed a sex act with a student or sexually exploited a student, the investigator shall defer the investigation and immediately notify law enforcement officials, the superintendent, the student's parents and the person filing the report.

The designated investigator shall not interview the school employee named in a report of abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed and a determination made that the investigation will not be deferred.

If an investigator determines an incident occurred, while not an illegal sex act with a student or sexual exploitation of a student, but where the employee engaged in inappropriate, intentional sexual behavior, further investigation is warranted. If further investigation is warranted, the investigator may proceed to interview the employee and other individuals who may have knowledge of the circumstances contained in the report, the investigator shall provide notice of the impending interview of student witnesses or the student to their parent, guardian, or legal custodian prior to interviewing those students.

Within five days of receipt of an investigable report, the investigator shall complete an informal investigation. The informal investigation shall consist of interviews with the student, the employee and others

who may have knowledge of the alleged incident. If the investigator determines that the allegations in the report are founded and that immediate and professional investigation is necessary, the investigator may defer further investigation and contact appropriate law enforcement officials, the student's parents and the person filing the report.

Within fifteen days of receipt of the report, the investigator shall complete a written investigative report, unless the investigation was temporarily deferred. The written investigative report shall include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:

*Unfounded. (It is not likely that an incident, as defined in district rules, took place), or

*Founded. (It is likely that an incident took place.)

8. The applicability of exceptions to the investigated incident, or reason for the contact or force used.
9. A statement that, in the investigator's opinion, any physical contact that occurred was:

*Appropriate. (Actions invoking a disciplinary process as defined in district rules), or

*Inappropriate. (Actions not requiring any disciplinary process.)

10. The disposition or current status of the investigation and recommendations regarding the need for further investigation.
11. A listing of the options available to the parents or guardian of the student to pursue the allegations.
These options include, but are not limited to:
 - *Contacting law enforcement officials.
 - *Contacting private counsel for the purpose of filing a civil suit or complaint.
 - *Filing a complaint with the Nebraska Professional Practices Commission if the employee is a certificated employee.

The investigator shall retain the original and provide a copy of the written investigative report to the school employee named in the report, the employee's supervisor, the superintendent and the student's parent or guardian. The person filing the report, if not the student's parent or

guardian, shall be notified only that the investigation has been concluded and of the disposition or anticipated disposition of the case.

If the investigator's report or law enforcement officials conclude the case involved founded physical or sexual abuse by a certificated employee, or the employee admits the violation, or the employee has surrendered the employee's certificate of license, the investigator shall file a complaint on behalf of the district after obtaining the superintendent's signature with the Nebraska Professional Practices Commission. The investigator shall also arrange for counseling services for the student if the student or student's parents request counseling services. Information of unfounded abuse shall not be kept in the employee's personnel file.

- such conduct has the purpose or effect of unreasonably interfering with an individual's performance or creating an intimidating, offensive, or hostile learning or work environment.

- submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of an individual's participation in school programs or activities;
- submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student; or
- such conduct has the purpose or effect of unreasonably interfering with an individual's performance or
- creating an intimidating, offensive or hostile learning or work environment.

Harassment as set forth above may include, but is not limited to the following:

- verbal, physical or written harassment or abuse;
- repeated remarks or a demeaning nature;
- implied or explicit threats concerning one's grades, achievements, etc;
- demeaning jokes, stories, or activities directed at an individual.

The district will promptly and reasonably investigate allegations of harassment. The building principal will be responsible for handling all complaints by students alleging harassment.

Retaliation against an individual because the individual has filed a harassment complaint or assisted or participated in a harassment investigation or proceeding is also prohibited. A student who is found to have retaliated against an individual in violation of this policy will be subject to discipline, up to and including, suspension and expulsion.

It shall also be the responsibility of the superintendent, in conjunction with the investigator and principals, to develop administrative rules regarding this policy. These rules will be printed and distributed to students and parents in the student handbook. The superintendent shall also be responsible for organizing training programs for student and employees. The training shall include how to recognize harassment and what to do in case an individual is harassed. The employee training will be documented in personnel files to ensure a record of training for each employee.

Forms to report harassment are available in the main office.
