

## ***Welcome to my Portfolio***

This section should welcome the person(s) looking through your portfolio. It will be the opening tab of your portfolio and it should give the information that will help a visitor to your portfolio understand your work.

Please be sure that your opening tab includes the following:

- A digital picture of you on one side from the current school year
- Begin your information with “Welcome to my portfolio”
- Explain how you organized your collection of work
- Discuss what your favorite thing included in the portfolio is and why
- Discuss the one thing that you wish wasn’t included in your portfolio and why
- Discuss something you worked the hardest on and why it was so hard for you
- Discuss what comes easiest for you and why
- Discuss what concepts you are currently focusing on as you continue your work
- Discuss at least one realization you have had about your work after you have looked at it and reflected on everything that is included
- Also include any other information that you think would be helpful to someone looking at your portfolio

Remember that parents and teachers will be looking at this! Be sure to use correct grammar and complete sentences!
